

AMENDMENT TO H.R. 2687

OFFERED BY MR. BERA OF CALIFORNIA

Page 66, line 13, after “of the Administration.” insert “The program shall support

- 1 (1) early-stage concepts and innovation;
- 2 (2) development of innovative technologies in
- 3 areas such as in-space chemical and electrical pro-
- 4 pulsion, power generation and storage, liquid rocket
- 5 propulsion, avionics, structures, and materials that
- 6 may enable new approaches to human and robotic
- 7 space missions; and
- 8 (3) flight demonstrations of technologies, in-
- 9 cluding those that have the potential to benefit mul-
- 10 tiple Administration mission directorates, other Fed-
- 11 eral Government agencies, and the commercial space
- 12 industry.”.
